

President Executive Report

Marie Kinderman

May 1st - May 31st 2026

1. State of the Union Address

Hello Directors at Large!

I hope you're having a pleasant and invigorating summer! In this report, I walk you through a snapshot of UTSU programming, important tasks and collaborations I've initiated, and relationships I've fostered since May up until early June.

Since the university is currently in the first academic session of the summer, many students taking summer classes or living on campus in this period regularly study and gather in room 200 near the Acacia cafe. The cafe is expanding their 10% discount to all students working paid positions on campus! The upper floors of the building often host events showcasing a variety of student interests such as the World Cup Watch party hosted by the UTSU this past Friday. The UTSU offers a wide selection of resources year-round like the Food Bank and we are working on promoting them more and increasing access to them.

The summer period is also a crucial planning period for the UTSU planning and staffing. We are currently preparing orientation, and can't wait to welcome students to our Clubs Fair and other events in early September. Our team is growing, with a Chief Executive Assistant recently being hired, and more Executive Assistants on the way. The UTSU Food Bank has started planning a move to the 5th fifth floor, which involves a long-term renovation of the new space. I am working closely with our architect, Programs & Services team, General Manager, and executives to complete the first phase of planning and introduce consultations in July. Together we hope to grow, learn, and collaborate over the course of the summer through these projects.

As President, I have built relationships throughout the organization, including on the Executive Committee, Management Committee, Board of Directors, Programs & Services, Outreach & Engagement, and Operations. I've reported to news organizations on and off campus and have been in touch with all UofT student unions and the Toronto Metropolitan Students' Union. Beyond daily President duties, I have made team building a core pillar of my organizing along with communicating to the entire organization through multiple means. I am thrilled to help put the UTSU back on the map.

2. Executive Team, Board of Directors, & Senate

- Signed two Open letters:
 - “Open letter against U of T’s sponsorship of Canadian Association of Defence and Security Industries”
 - Joint Student Union Letter Regarding 2026–2027 Tuition Fee Increases
- Scheduled regular Executive Committee meetings until April 2027
 - Delegated Executive Committee meeting chair responsibility between executives
- Hired Chief Executive Assistant with revamped job description to increase autonomy of the role and visibility of assistant roles in the UTSU
