1. Opening Remarks

Hello everyone,

I am excited to submit my first official executive report as Vice-President, Public and University Affairs. It has been a privilege to begin serving in this role, and I am grateful for the opportunity to represent undergraduate students at the University of Toronto. I am very excited for the year ahead!

This month has largely been focused on transitioning into the role, familiarizing myself with the portfolio, and beginning to establish priorities for the year ahead. In addition to meeting with internal and external groups, I have reviewed ongoing advocacy files, identified opportunities for collaboration, and researched key student issues.

While much of this month's work has involved relationship-building and strategic planning, I have also begun advancing several initiatives that will continue throughout the year. I look forward to building on this foundation in the coming months and working alongside fellow executives, student leaders, and community partners to advocate for UTSU constituents.

2. Collaborations with Executive Team/Adjacents

This is the section for you to write down things you've collaborated with other executives/other UTSU student leaders on this month!

2.1. President

Collaborated on planning strategy for informing students on the municipal election and the list of candidates, including discussions surrounding voter engagement initiatives. Worked on strategy for Bay-Cloverhill town hall, amongst other advocacy priorities.

2.2. VP Finance & Operations

Worked together on logistics related to Bay-Cloverhill town hall, as well as meeting with the UTGSU and Rocket Riders to re-establish a student transit coalition.

2.3. VP Student Life

Engaged in discussion regarding organizational priorities, strategic planning, and opportunities to enhance student engagement initiatives.

2.4. VP Equity

Collaborated on meetings with internal and external groups to discuss shared advocacy priorities and potential areas for cross-campus collaboration.

2.5. VP Professional Faculties

Engaged in discussions regarding advocacy strategy, organizational priorities, and opportunities for collaboration on student issues.

2.6. Chief Executive Assistant

Worked together on planning for the student town hall and collaborated on ideas regarding reports and updates related to student union organizations.

2.7. Board of Directors

Attended the monthly Board of Directors meeting.

2.8. Senate

Attended the regularly scheduled Senate meeting.

3. Departmental Interactions

3.1. Operations

3.2. Programs and Services

3.3. Outreach & Engagement

Participated as a member of the website committee to make the UTSU website more accessible and more interesting.

4. Executive Initiatives

4.1. Initiative #1: UTSU Census Post-Mortem

Conducted a review of the UTSU 2025-2026 Student Census process and outcomes, as well as authored a comprehensive post-mortem report on the UTSU Census by analyzing available data, feedback, and operational information from the census process. The report identifies key findings and policy recommendations.

4.2. Initiative #2: Indigenous Land Acknowledgement

Working on writing a Land Acknowledgement for the UTSU and refining the organization's Indigenous Land Acknowledgment practices. Engaged in research and discussions regarding best practices to ensure acknowledgements are meaningful, accurate, and reflective of local Indigenous communities.

4.3. Initiative #3: OUSA Educated Solutions

Connected with OUSA's Executive Director to explore potential collaboration on student advocacy initiatives. As a result of this engagement, I was invited to contribute an article to OUSA's annual Educated Solutions publication, which I will be completing in the next couple of months.

4.4. Initiative #4: Transit Coalition

Began collaboration with transit advocacy partners and student representatives on issues affecting student mobility and transportation access.

4.5. Initiative #5: Voting Guide

Began working on the development of a student voting guide intended to increase awareness of upcoming elections and relevant issues. I am focusing on ensuring information is accessible, informative, and non-partisan.

4.6. Initiative #6: Fee for Exam Deferral

Researched concerns regarding exam deferral fees and their impact on students. Explored potential advocacy approaches and gathered information to support future discussion with university stakeholders.

5. External Collaborations

5.1. Collaboration #1

Met with OUSA's Executive Director to discuss provincial advocacy priorities and explore opportunities for UTSU involvement in OUSA's Educated Solutions publication and related initiatives.

5.2. Collaboration #2

Met with representatives from UTGSU and Rocket Riders to discuss current transit issues affecting students and opportunities to re-establish a coordinated student transit coalition.

5.3. Collaboration #3

Met with the UTMSU Vice President, University Affairs & Academics and SCSU Vice President, Academics & University Affairs, to discuss advocacy priorities across campuses, including concerns surrounding exam deferral fees and potential collaborative advocacy efforts.

5.4. Collaboration #4

Had an initial meeting with presidents and executive teams of UTMSU and SCSU student unions to discuss organizational priorities, opportunities for cross-campus collaboration, and shared student concerns.

5.5. Collaboration #5

Met with APUS Vice President, External to discuss advocacy priorities and identify areas for potential collaboration on issues affecting students.

5.6. Collaboration #6

Met with Access Street Fleet to explore opportunities to integrate employment support services directly into community spaces at no cost to participants, to improve accessibility to employment resources for students and community members.

5.7. Collaboration #7

I attended one initial meeting with COSS where we elected a chair.

5.8. Collaboration #8

I attended one initial meeting with the OVPS where we discussed priorities for the upcoming year.

6. Closing Remarks

Over the past month, the most significant project I've completed was the UTSU Student Census Post-Mortem, which involved reviewing census data and responses to develop findings and policy recommendations. Looking ahead, I plan to continue advancing work on the student voting guide, transit advocacy initiatives, exam deferral fee advocacy, and collaboration with leaders across the University of Toronto and beyond.

As I continue settling into the role, I am excited about the opportunities ahead and the relationships being built across campus and throughout the broader student movement. Thank you to everyone who has taken the time to meet with me, share their perspectives, and support me during this transition.

Thank you for taking the time to review my report. I look forward to providing further updates as these projects progress.
